An enhancement in variable acoustics!

The Vari Panel Pro arrives with the same contribution to variable acoustics as its ancestor but with an important innovation. The Vari Panel Pro allows you the option of adjusting your room acoustics to create a dry recording environment, a bright ambient space, but without the hassle of storing the wooden panel when not in use. The simple wall suspension system allows the panel to be simply turned and quickly attached to the wall.

The Vari Panel Pro combines two different acoustic performances in one panel:

on one side a reflective wooden surface with specially designed cavities that effectively controls the rooms energy for a mid and low frequency range, by avoiding flutter echoes produced by parallel walls and
