With the Wave Wood design a new diffuse product arises. Simulating a QRD and MLS sequence the new Wavewood Diffuser is an ideal solution to those who search balanced sound ambiances that simultaneously control the exceeding energy in a room, flutter echoes, and still maintain a living and bright sound.

With the Wave Wood design a new diffuse product arises. Simulating a QRD and MLS sequence the new Wavewood Diffuser is an ideal solution to those who search balanced sound ambiances that simultaneously control the exceeding energy in a room, flutter echoes, and still maintain a living and bright sound. It is particularly effective in treating medium and high frequencies.

There are two versions of the panel: one with 44mm and another with 60mm of width. The first one is ideal for Music & Broadcast / Hi-Fi & Home Cinema and the second one to the Building & Construction sector.

Main Info

Ref: B01174
EAN13: 5600301858246
HS-Code: 44101110
Dimensions: 595.0 x 595.0 x 44.0 mm
Scratch Resistance: No
Washable: No

Performance

Functionality: Diffusion
Absorption Frequency: Medium
NRC: 0.000
Fire Class European (EN): Euroclass E

Shipping

Units Per Box: boxes
Box Dimensions: 620.0 x 620.0 x 135.0 mm

Row Materials

Material: Wood
Wood Type: Melamine

Technical File

Wavewood BC Diffuser T15LV Light Brown

Design | Wood Color: Melamine Light Brown

Installation | Place: Wall, Ceiling
