Designed for large areas, this The UniSquare aims to leverage an existing and accessible technology by maximizing its potential at an acoustic and aesthetic level. Besides the advantages of using a typical false ceiling structure, placing Basotect® foam ensures the best sound absorption and provides an enormous added value to the Unisquare BC.

Taking advantage of an increasingly demanding industrial segment, Vicoustic has launched a innovative acoustic panel for false ceilings. Combining the standard clip-in system, with Vicoustic's know-how in design and performance, the new Unisquare BC allows you to easily and quickly install a High End panel to a conventional suspended ceiling.

## Main Info

Ref:  
EAN13: 0  
HS-Code: 0  
Dimensions: 595.0 x 595.0 x 10.0 mm  
Scratch Resistance: No  
Washable: No

## Performance

Functionality: Absorption  
Absorption Frequency: Medium  
NRC: 0.000

## Shipping

Units Per Box: boxes

## Row Materials

Material: Wood, Metal, Fabric, Foam  
Wood Type: Melamine  
Fabric Type: Fiberglass Veil  
Foam Type: Tech

## Design

Wood Color: Melamine Walnut  
Edges: Levelled

# Technical File

## Installation

Place: Wall, Ceiling

Fixing Type: Standard 15mm, Standard 24mm, Clip In
