Designed for large areas, this The UniSquare aims to leverage an existing and accessible technology by maximizing its potential at an acoustic and aesthetic level. Besides the advantages of using a typical false ceiling structure, placing Basotect® foam ensures the best sound absorption and provides an enormous added value to the Unisquare BC.

Taking advantage of an increasingly demanding industrial segment, Vicoustic has launched a innovative acoustic panel for false ceilings. Combining the standard clip-in system, with Vicoustic's know-how in design and performance, the new Unisquare BC allows you to easily and quickly install a High End panel to a conventional suspended ceiling.

## Main Info

Ref: B01208  
EAN13: 5600301857765  
HS-Code: 44101110  
Dimensions: 595.0 x 595.0 x 10.0 mm  
Scratch Resistance: No  
Washable: No

## Performance

Functionality: Absorption  
Absorption Frequency: Medium  
NRC: 0.000  
Fire Class European (EN): Euroclass B - s2, d0

## Shipping

Units Per Box: 8 boxes  
Box Dimensions: 620.0 x 620.0 x 135.0 mm

## Row Materials

Material: Wood, Fabric  
Wood Type: Melamine  
Fabric Type: Fiberglass Veil  
Foam Type:

# Technical File

# UniSquare BC T15LV VB Walnut

## Design

Wood Color: Melamine Walnut  
Fabric Color: Black  
Edges: Leveled

## Installation

Place: Wall, Ceiling  
Fixing Type: Standard 15mm
