The VicVibro FS is a specially designed homogeneous elastomeric support system for floating floors, aimed to reduce impact noise in wooden floors. The semi-cylindrical modulation at its base increases the deflection, thus improving the vibration absorptio.

Installation Inside the specially modulated receptor U can be fixed a wooden batten with expansion bolts or stainless steel nails. You should use metal washers in every fix point. Attention: In every fix points must be used also metal washers.

## Main Info

Ref: B00450  
EAN13: 5600301841569  
HS-Code: 68069000

## Performance

Mounting Width: 50 mm  
Load Weight Range: 80.00 Kg

## Installation

Place: Floor  
Steel: No  
Fire Security Devices: No

## Shipping

Units Per Box: 200 boxes  
Box Dimensions: 625.0 x 329.0 x 188.0 mm  
Box Weight: 14.7 kg
