Constructed from high quality EPS (Expanded Polystyrene), Pulsar Fuser DA2 represents an extraordinary compromise between price and quality. Designed to perform on high frequencies, the panels work exclusively on unidirectional fields, providing vertical or horizontal multi-reflection, especially when applied together in different positions, on back walls, side walls, or ceilings.

Pulsar Fuser panels achieve remarkable performance in Home Cinemas' sweet spots and stereo imaging, allowing you to experience a more defined sound. The panels are also adaptable to your room

Main Info

Ref: B00001
EAN13: 5600301846670
HS-Code: 39031100
Dimensions: 600.0 x 600.0 x 75.0 mm
Scratch Resistance: No
Washable: No

Performance

Functionality: Diffusion
Absorption Frequency: High
alpha with Shape Indicators: 0.20 (H)
NRC: 0.250
Fire Class European (EN): Euroclass E
Fire Class France (NF P): M1

Shipping

Units Per Box: 12 boxes
Box Dimensions: 630.0 x 630.0 x 620.0 mm
Box Weight: 9.4 kg

Raw Materials

Material: Polystyrene
Polystyrene Density: 60.0

Technical File

Pulsar Fuser DA2

Design

Polystyrene Color: White
Edges: Leveled

Installation

Place: Wall
Fixing Type: Glued
