Designed for large areas, this The UniSquare aims to leverage an existing and accessible technology by maximizing its potential at an acoustic and aesthetic level. Besides the advantages of using a typical false ceiling structure, placing Basotect® foam ensures the best sound absorption and provides an enormous added value to the Unisquare BC.

Taking advantage of an increasingly demanding industrial segment, Vicoustic has launched a innovative acoustic panel for false ceilings. Combining the standard clip-in system, with Vicoustic's know-how in design and performance, the new Unisquare BC allows you to easily and quickly install a High End panel to a conventional suspended ceiling.

Main Info

Ref: B01211
EAN13: 5600301858796
HS-Code: 44101110
Dimensions: 595.0 x 595.0 x 10.0 mm
Scratch Resistance: No
Washable: No

Performance

Functionality: Absorption
Absorption Frequency: Medium
NRC: 0.000
Fire Class European (EN): Euroclass B - s2, d0

Shipping

Units Per Box: 8 boxes
Box Dimensions: 620.0 x 620.0 x 135.0 mm

Row Materials

Material: Wood, Fabric
Wood Type: Melamine
Fabric Type: Fiberglass Veil
Foam Type:

Technical File

Design

Wood Color: Melamine Nordik
Fabric Color: White
Edges: Leveled

Installation

Place: Wall, Ceiling
Fixing Type: Standard 15mm
