Designed for large areas, this The Square Tile BC aims to leverage an existing and accessible technology by maximizing its potential at an acoustic and aesthetic level. Besides the advantages of using a typical false ceiling structure, placing Basotect® foam ensures the best sound absorption and provides an enormous added value to the Square Tile BC.

Taking advantage of an incleasingly demanding industrial segment, Vicoustic has launched a innovative acoustic panel for false ceilings. Combining the standard clip-in system, with Vicoustic's know-how in design and performance, the new Square Tile BC allows you to easily and quickly install a High End panel to a conventional suspended ceiling.

Main Info

Ref: B01144

EAN13: 5600301857942 HS-Code: 44101110

Dimensions: 595.0 x 595.0 x 10.0 mm

Scratch Resistance: No

Washable: No

Performance

Functionality: Absorption

Absorption Frequency: Medium

NRC: 0.000

Fire Class European (EN): Euroclass B - s2, d0

Shipping

Units Per Box: 8 boxes

Box Dimensions: 620.0 x 620.0 x 135.0 mm

Row Materials

Material: Wood, Fabric Wood Type: Melamine Fabric Type: Fiberglass Veil
